
moolet google map not displaying

Posted by redelevencreative - 2008/02/13 14:48

Hi

Its weird....installed correctly...all good..but when i assign it to a page in menu it doesnt appear. I want ti tto appear on google maps button. When I specify HOME and GOOGLE MAPS it works fine?...when i delete it appearing on HOME it goes from GOOGLE MAPS too.

Can anyone shed some light?
